Dear Mr. Craven:

This is the Initial Agency Decision (IAD) to your Freedom of Information Act (FOIA) request to the Office of the Secretary, U.S. Dept. of Veterans Affairs (OSVA) dated and received June 27, 2018. You requested, as you phrase it:

"All internal email communications between VA officials Scott Blackburn, Jake Leinenkugel, Tracy Gaudet, and Darin Selnick between Nov. 1, 2017 and present day concerning Boulder Crest Veterans retreat. Keywords are 'boulder crest' 'PTSD' post-traumatic growth, 'partnership' and 'meet.'"

As a reminder, the VA OIT FOIA office is processing your FOIA request **18-09643-F** for communications within the email boxes of Scott Blackburn. The VA OAWP FOIA office is processing your FOIA request **18-09905-F** for communications within the email boxes of Tracy Gaudet.

IAD and December 19, 2018, Reasonable Search

On December 19, 2018, the OSVA FOIA Officer requested that the VA OIT office provide all responsive records within the email boxes of Darin Selnick or Jake Leinenkugel. On or about January 9, 2019, the VA OIT office provided all responsive records, with the OSVA FOIA Officer to conduct secondary searches.

On May 29, 2019, the OSVA FOIA Officer searched through the email boxes of Darin Selnick and Jake Leinenkugel with the date timeframe of November 1, 2017, to June 27, 2018, the dates you specified. The OSVA FOIA Officer looked for all emails to or from Scott Blackburn, Jake Leinenkugel, Tracy Gaudet, and Darin Selnick. The OSVA FOIA Officer used the search terms: ("Boulder Crest") AND (PTSD OR ("Post-Traumatic Growth") OR partnership OR meet). This May 29, 2019, Clearwell search yielded nine (9) pages of responsive records.

After reviewing the nine (9) pages, OSVA redacts some information with FOIA Exemption 6. 5 U.S.C. § 552(b)(6) exempts from required disclosure "personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy." FOIA Exemption 6 permits VA to withhold a document or information within a document if disclosure of the information, either by itself or in conjunction with other information available to either the public or the FOIA requester, would result in an unwarranted invasion of an individual's personal privacy without contributing significantly to the public's understanding of the activities of the federal government. Specifically, the information being withheld, as indicated on the attached documents, under FOIA Exemption 6, consists of names, identities, email addresses, VA usernames, phone numbers, and cellular numbers of: federal employees

and private citizens. We however release the names of VA Senior Executives. Federal employees and private citizens retain a significant privacy interest under certain circumstances, such as in instances where the release of their information could represent a threat to their wellbeing, harassment, or their ability to function within their sphere of employment. The federal employees whose information is at issue have a substantial privacy interest in their personal information. In weighing the private versus the public interest, we find that there is no public interest in knowing the names, identities, email addresses, VA usernames, phone numbers, and cellular numbers of: federal employees and private citizens. The coverage of FOIA Exemption 6 is absolute unless the FOIA requester can demonstrate a countervailing public interest in the requested information by demonstrating that the FOIA requester is in a position to provide the requested information to members of the general public and that the information requested contributes significantly to the public's understanding of the activities of the Federal government. Additionally, the requester must demonstrate how the public's need to understand the information significantly outweighs the privacy interest of the person to whom the information pertains. Upon consideration of the records, I have not been able to identify a countervailing public interest of sufficient magnitude to outweigh the privacy interest of the individuals whose names are redacted. The protected information has been redacted and (b)(6) inserted. Releasing even a single VA username reveals the pattern to ascertain VA usernames that VA employees use to log into VA Systems of Records; releasing VA usernames exposes the VA, its employees, and its contractors to potential hacking and information technology security liabilities and risks. "Withholding a telephone number or e-mail address, alone, is not sufficient to protect that [privacy] interest; alternate means of contacting and harassing these employees would be readily discoverable on the Internet if this court ordered their names disclosed." Long v. Immigration & Customs Enf't, 2017 U.S. Dist. LEXIS 160719 (D.C. Cir. 2017).
